

TRICK TRAINING

Why You Should Teach Your Dog Some Tricks?

① Trick training improves your skill as a handler. As you and your dog work together you become a better teacher and your dog a better student.

② Trick training is valuable because it teaches your dog how to learn. As their ability to learn develops, they quickly acquire new skills.

③ Tricks are a great way for reactive dogs and their owners to spend time together having fun and avoiding the stress of every day life.

④ Trick training helps build a solid relationship between you and your dog. It will teach him/her to love learning and working with you.

⑤ Trick training helps dogs build confidence. While teaching tricks there are no wrong answers and your dog is always right.

⑥ And finally, trick training is fun! It's fun for both you and your dog. It is about spending time together in an enjoyable and relaxing way.
